German Injection Technology

ISO9001 Quality Management

Europe TUV Lab Strategic Partner

Founded in 2010 and headquartered in China, Shanghai Langfeng is a world-class PPE manufacturer with vertically integrated R&D and production capabilities.

Our brand Safetoe & Safeyear is trusted by workers in 45+ countries, certified to CE EN ISO 20345:2022, ASTM F2413, and ISO 9001:2015.

**Dual-Certified Factories:**
**18,000M² production base with ISO 9001 & BSCI social compliance certification.**

**Global Logistics:**
**7 regional warehouses (Germany/UAE/USA/China etc.) support 15-day delivery worldwide**

**Exclusive Partner:**
**Partner with 20+ international customers, with 25-30% increase per year.**

# Safetoe Quality Dedicated & Assurance

**Certified with European CE, American ASTM and Canadian CSA standards.**

Certificates

80% Safetoe Safety Shoes are Approved with CE EN ISO 20345:2022 standard. Mainly approved by Europe SGS and CTC lab.

After UK Separate from EU, Safetoe work together with UK SGS lab and apply UKCA certificate for UK market.

Safetoe Safety Shoes are Approved with USA ASTM standard, and very welcome for North America and South America market.

Safetoe is approved with CSA certificate since 2022, with model M-8025 series.

Safetoe company is approved as ISO 9001:2015 quality management system since 2017. For scope of safety shoes, protective glasses etc.

OEKO-TEX® certified lining fabric for safer, more comfortable all-day wear.

# Global Partners & Exhibitions

Safetoe has years of experience in the production and development of professional safety shoes and PPE products, Serving 58+ global distributors and partners across 45+ countries, providing global marketing support and fast warehousing and logistics systems. Meanwhile, we are constantly expanding brand awareness of “SAFETOE” and promoting our brand to users worldwide.

We are committed to providing partners with increasing sales and profits, and providing consumers with a good user experience. Welcome to consult with us about agent issues.

## Vented Safety Helmet | CE + ANSI Certified | Chin Strap Included

W-018

**Material:** ABS
**Design:** Vented
**Suspension:** 6-Point Ratchet
**Chin Strap:** Included
**Size:** 51–63 cm Adjustable
**Standards:** CE EN397:1997 + A1:2012 / ANSI/ISEA Z89.1
**Application:** Construction / Industrial Worksites / Infrastructure Projects / General PPE Applications

**W-018 Hi-Vis Kit**
Helmet + Reflective Strips
For night work & traffic zones
Replacement parts available

## Electrical / Utility Safety Helmet

W-003

**Material:** ABS
**Design:** Non-Vented (Dielectric Protection)
**Standards:** ANSI/ISEA Z89.1 Type I Class E / CE EN397:1997 + A1:2012
**Suspension:** 6-Point Ratchet System
**Chin Strap:** Included (Standard)
**Size:** 51–63 cm Adjustable
**Application:** Electrical & Utility Work / Municipal Infrastructure

Impact Protection | Shock Absorption | Adjustable Rotary Knob | Breathable Design | Chemical Resistant | Quality Warranty

W-003 Utility Hi-Vis Kit
Reflective Strips
For roadside & night utility work

W-003 Electrical Face Shield Kit
Helmet + Face Shield (Compatible System)
For splash & general face protection

# ANSI Type II Safety Helmet

**Side Impact Protection | ANSI/ISEA Z89.1 Type II | ABS Shell**

W-6000

Side Impact Protection
Enhanced protection beyond traditional Type II helmets

Secure Fit with Chin Strap
Improved stability during dynamic movements

## ANSI Type II Safety Helmet

**Material:** ABS
**Standard:** ANSI/ISEA Z89.1 Type II / EN 397:2025 T2 / EN 12492:2012
**Protection:** Top & Side Impact Protection
**Suspension:** Advanced Multi-Point Suspension System
**Chin Strap:** Included (Secure Fit)
**Size:** Adjustable (51–63 cm)
**Application:** Working at Height / Industrial Maintenance / Energy & Infrastructure Projects / High-Risk Worksites

Impact Protection | Shock Absorption | Adjustable Rotary Knob | Breathable Design | Chemical Resistant | Quality Warranty

# Mining & Underground Safety Helmet System

CE EN397 + ANSI/ISEA Z89.1 | ABS | 6-Point Ratchet | Chin Strap

## Included / Options

- Helmet + Headlamp Bracket (or headlamp)
- Reflective strips (optional)
- Replaceable sweatband (optional)

W-018

## Underground Kit (Vented)

Key Highlights
Vented for hot and humid underground work
Headlamp mounting compatible
Reflective options for visibility
Application： Underground construction, tunneling, maintenance, Underground utility, municipal maintenance, low-light worksites

Key Highlights
Non-vented design for utility and dielectric needs
Headlamp ready for low-light tasks
High-visibility reflective kit available

### HEADLAMP SYSTEM

Helmet-mounted headlamp for underground visibility

## Forestry Helmet Kit with Face Shield, Earmuffs & Neck Protector

M-5009 | Thorn Slayer

**Helmet Shell:** High-density ABS
**Face Shield:** Adjustable steel mesh face visor
**Earmuffs:** SNR 23 dB anti-noise earmuffs
**Neck Cover:** Sand-proof soft PP cover
**Chin Strap:** Adjustable & removable nylon strap
**Reflective Tape:** Hi-Vis reflective strips
**Helmet:** CE EN397:2012 + A1:2012
**Face Shield (Mesh Visor):** CE EN1731.01:2007
**Earmuffs:** CE EN352-3:2002
**Application:** Forestry / Chainsaw Operation / Wood Cutting / Grinding & Cutting / Outdoor Maintenance

Impact Protection | Shock Absorption | Adjustable Rotary Knob | Breathable Design | Chemical Resistant | Electric Hazard | Quality Warranty

### ADJUSTABLE FACE VISOR

**EN 1731 approved quality steel mesh face visor to protect from sparkles**

### ADJUSTABLE EAR MUFF

**EN 352 approved quality earmuff to protect from working noise SNR 23dB**

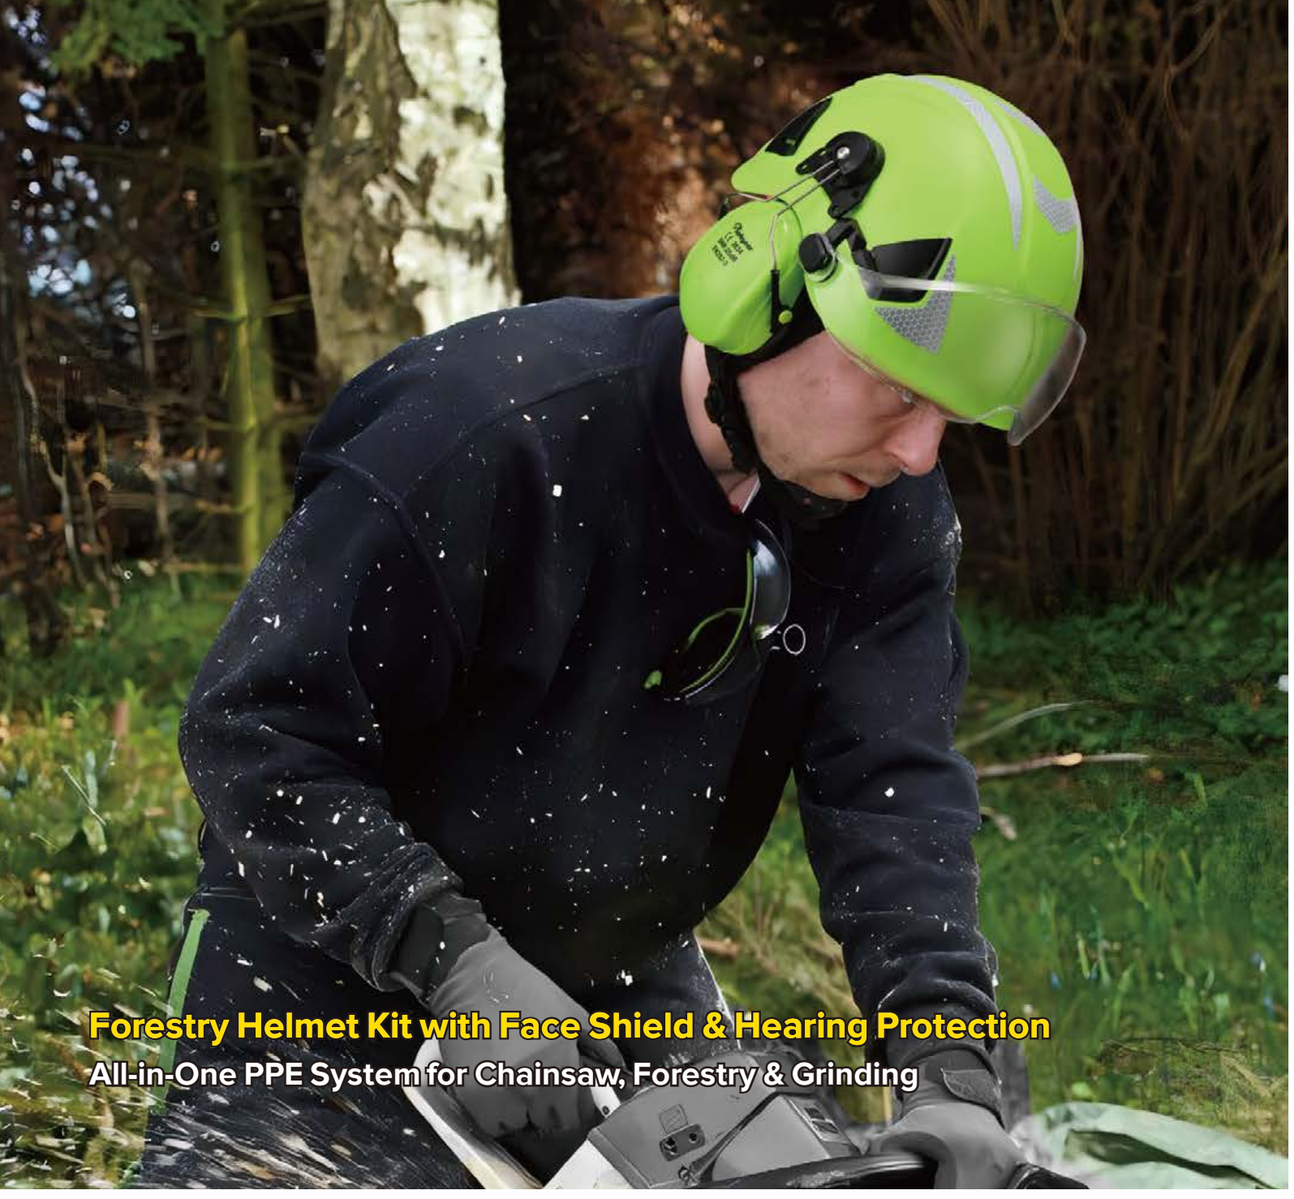

### BUFFER STRUCTURE DESIGN

**Soft fiber tape with 4-points attachment to add comfort level and absorb shock**

### REFLECTIVE DESIGN

**360° surround high-light reflective strip to actively enhance the warning effect in low-light environments**

M-5018 | SummitPro

## Forestry Helmet Kit with Face Shield & Hearing Protection

**Helmet Shell:** High-density ABS
**Face Shield:** Adjustable clear PC visor
**Earmuffs:** SNR 25dB anti-noise earmuffs
**Reflective Tape:** Hi-Vis reflective strips for low-light worksites
**Chin Strap:** Included (secure fit)
**Helmet:** CE EN397:2012 + A1:2012
**Face Shield:** CE EN1731:2007
**Earmuffs:** CE EN352-3:2002
Application: Forestry / Chainsaw Operation / Wood Cutting / Grinding & Cutting / Outdoor Maintenance

## SNR 38dB NRR 32dB

### 32 dB Industrial Hearing Protection Earplugs EC-1001A

Material : Polyurethane Foam
Shape: Bullet-Shaped
String : Available for Plastic string
Available Colors: Orange, Yellow, Red, Blue, etc.
Sound Proof: SNR 38dB, NRR 32dB
CE EN352-2:2020. & ANSI S3.19-1974
Weight: 400±10 Grams & Box Size: 28*11*16.5CM

Noise Reduction | Reduce Ear Pressure | Comfortable to Wear | Quality Warranty

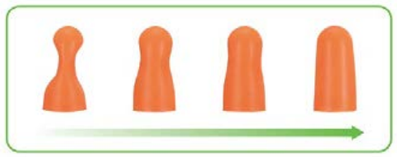

PREMIUM QUALITY FOAM EARPLUGS

PREMIUM QUALITY FOAM EARPLUGS

**EC-2001**
**EC-2001C**
**EC-2001C-D**
(Metal Detectable)

### Comfortable

Pure silicone material for low pressure inside the ear
Reusable use for long time in good shape
Humidity and sweat resistant, helps preventing from moisture ramp up in the ear canal
3 layers design allows fully attach to ear canal
Design to fit majority ear canal with premium comfort and protection

### Convenient

Christmas tree design fits most ear canals making the plugs easier to use Nylon cord or PVC cord , helps preventing from earplug loss

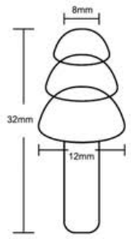

### Compatible with

Designed to be compatible with earmuff or other PPE

Banded round shape earplugs

**EC-4102 / EC-4102S**

Round Shape Earplug
(replace pods)
EC-4102S

Banded hearing protectors are easy to use, extremely comfortable. They are fast insert and remove in quick and can be worn or around the neck when not for use, making them ideal for intermittently use. It offers simplicity to help improve the choice of hearing protection products that suits the working environment greatly. With replacement foam pods making them a more cost-saving option.

**Features and benefits:**

**Comfortable**

+ Extremely light
+ Very low pressure into the ear canal
+ Without deep insertion Pod plugs seal the entrance part of the ear canal.
